

Guest Guide: Text-to-Bid Instructions

✓ Texting in Auctria

You can **text** to *register, bid, donate, buy, check out, and pay* right from your phone!

Example: If your event uses the number **555-123-4567**, you would send text commands to that phone number.

✓ Common Text Commands

Command	What It Does	Example
<code>bid [\$amount] for [item#]</code>	Place a bid on an item	<code>bid \$100 for 52</code>
<code>winning</code>	See which items you're currently winning	<code>winning</code>
<code>donate [\$amount]</code>	Make a donation	<code>donate \$150</code>
<code>web</code>	Get a personal event website link	<code>web</code>
<code>pay</code>	See what you owe and pay online	<code>pay</code>
<code>item [item#]</code>	See item details and next bid	<code>item 52</code>

✓ Tips for Text Bidding

1. Make sure your **phone number is entered during registration** so Auctria can link your texts.
2. You will **automatically receive outbid notifications** by text.
3. If you're not getting responses, double-check that your account lists the correct phone number, and that you are texting the event's official bidding number.
